Subject: Deficient Reclamation Contract and Surety Requirements, United Stone & Design, Inc., Unpermitted-United Stone, S/047/079, Uintah County, Utah

Dear Mr. Farley:

The Division recently received a certificate of liability insurance copy issued by Service Insurance Agency, Inc. The contents of the certificate identify there is a reclamation bond, policy number . Although the Division appreciates your effort in obtaining the reclamation surety bond, the certificate will not meet approval requirements. The Division requires the original executed surety reclamation bond. Please provide this executed document to the Division immediately.

In addition, a reclamation contract is required and is attached for your completion. It must be signed and notarized and returned to the Division complete and in its original form.

Please provide all requested documents immediately. If you have any questions or require assistance, please contact Surety Coordinator, Beth Ericksen (801) 538-5318. Thank you in advance for your prompt attention to this important permitting requirement.

Sincerely,

A handwritten signature in cursive script that reads "Susan M. White".

Susan M. White
Mine Program Coordinator
Minerals Regulatory Program
